

# YOUR 2018 GUIDE TO MEDICARE PART D

## *Which Medicare Part D Plan is the Right Plan for You?*

**M**edicare's Open Enrollment Period, during which people with Medicare can make unrestricted changes to their coverage, takes place every year from October 15 to December 7. Whether you're approaching age 65 or already enrolled in Medicare, you should take advantage of this opportunity to review your options and see whether you are enrolled in the most cost-effective plan for your needs. Most plans change their costs and benefits every year and some even decide not to participate in Medicare for the coming year. Making a careful comparison between the plan you have now and options available to you next year is the only way to see if there is a better choice for you. In most cases, this will probably be your only chance to change your health and/or drug coverage for the next year.

When reviewing your Medicare coverage, know that you will have many options to choose from. Typically, it's beneficial to have choices, but you might find yourself overwhelmed. For example, in 2018, Medicare beneficiaries in Oklahoma will be able to select from 23 prescription drug plans, as well as many health plans available throughout the state. Many beneficiaries say they find it frustrating and difficult to compare plans due to the volume of information they receive in the mail and through the media. As a result, they often stay with the same plan, even if it is not the best option for them.

Research shows that a large majority of people with Medicare could have saved hundreds of dollars last year by reviewing their prescription drug plan. In fact, during last year's enrollment period, 51 percent of those who came to LIFE Senior Services

for help reviewing their drug coverage options either enrolled in Part D for the first time or switched plans for the next year, saving an average of \$2,000 per person.

Whether you are currently on Medicare or becoming eligible for Medicare in 2018, this annual Medicare Part D Guide, published by LIFE Senior Services, provides up-to-date information about the prescription drug plans available in 2018, as well as the Medicare health plans being offered in Tulsa County.

LIFE Senior Services is a name thousands of seniors and their families have trusted for more than 40 years. Since 2004, LIFE has provided education and one-on-one assistance to thousands of Medicare beneficiaries, helping them compare Medicare Part D plans and enroll in the one that best fits their individual needs. As a partner agency of the Oklahoma Insurance Department, LIFE's Medicare Assistance Program provides trusted services in northeast Oklahoma to Medicare beneficiaries, their representatives and those soon to be eligible for Medicare.

As always, you can count on LIFE and LIFE's *Vintage Newsmagazine* to bring you timely, unbiased information and assistance on Medicare Part D. For more information or to schedule an appointment to review your options, call the Medicare Assistance Program at LIFE Senior Services at (918) 664-9000 or toll-free at (866) 664-9009. We're here to help!
