

September 2018 National PACE Month

Supporting Caregivers, Supporting You

A caring touch is an essential component of care for those with long-term care needs. Programs of All-Inclusive Care for the Elderly (PACE) are unique not only in their ability to provide care across settings - from home to the PACE center to other community settings - but also in their ability to support family caregivers. Supporting caregivers is a key reason more than 90 percent of PACE enrollees can live in the community rather than in a nursing home.
